

DDIN®

CONDUCTOR TRIMMERS

DDIN Conductor Trimmers are used to quickly and accurately remove the aluminum stranding from around the steel core of ACSR, ACSS, and other types of conductor without harming the inner steel strands. Constructed of high strength aluminum alloy and operating like a tubing cutter, the PSC tools are strong, lightweight and easy to use.

- Quickly and accurately removes the aluminum stranding around the steel core of conductor, including ACSR & ACSS
- Lightweight and durable
- Made of aluminum alloy
- Operates like tubing cutter

TOOL KIT INCLUDES:

- Heavy duty case (holds six TD style bushings)
- One PSC-2HD cutting tool
- Two additional axle's
- Two additional cutting wheels
