

PN # PB102-1

The new Power Team PB Series Cordless Hydraulic Pump meets the mark with increased portability, longer run-time, more valve selections and remote "plug and play" control options. The PB Series pumps meet a wide array of high-pressure tool applications where portability and freedom of cordless power is needed.

2-Way Auto Dump means increased productivity and run time. The Flapper handle in the "Hold" position will allow the pump to advance and maintain pressure after motor is shut off.

KIT INCLUDES

18 VDC Li-ion
Milwaukee Battery
Charger

One 18 V Milwaukee
Li-ion Battery 9.0 AH

Shoulder Strap

VALUE DELIVERED:

- 10,000 PSI, .45 gallons oil capacity provides ample power to effectively operate a 60 and 100 ton press.
- Cordless, high powered 18 VDC Lithium-ion 9.0Ah battery pack offers exceptional run-time.
- Lightweight, only ~24 pounds, making those tight constraint, remote applications stress-free.

**OPTIONAL
REMOTE:**

Hand Pendant
