

DDIN[®]

BUILT FOR LINEMEN

CLIPPING HOOKS STANDARD & HEAVY DUTY

These hooks are serialized and labeled with a durable nylon-reinforced tag for easy identification. Both hooks are cast from high-strength aluminum alloy. Ideal for large diameter conductor and T2[®] and VR2[®] wires, the unique design of the DDIN Heavy-Duty Clipping Hook creates a more inline conductor lift.

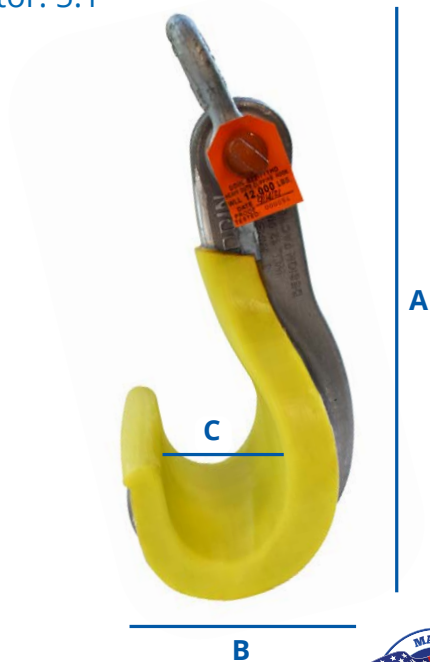

- Tamper-resistant galvanized shackle
- Durable urethane lining
- Safety Factor: 5:1
