

GROUND CLAMPS

The DNWC5 and DNWC6 are aluminum ground clamps designed with an innovative “Rapid Advance” bronze eye screw. This allows the jaw to close in half the turns compared to standard ground clamps.

- Smooth jaw
- Exclusive “Rapid Advance” eye screw technology
- Accepts standard 5/8-11 UNC threaded ferrules
- Stainless steel hex head strain relief bolts

PART #	MATERIAL	CLAMP CAPACITY	CONTINUOUS	FAULT CURRENT 15 CYCLES	WEIGHT
DNWC5	Aluminum	0.128" to 1.250"	400 Amps	5H/47,000 Amps	1.7 lbs.
DNWC6	Aluminum	0.162" to 2.000"	400 Amps	5H/47,000 Amps	1.9 lbs.
