

BUSHING EXTENSION

The DDIN Bushing Extension attaches to the Milwaukee M18 Cable Stripper (MI2935-20) and adds an additional 2" of potential cable stripping length. The Bushing Extension features a spring loaded lock pin for simple and quick attachment and removal of bushings, and it fits all standard cable stripper bushings.

- Reach Tight Spaces Effortlessly – No more struggling with awkward angles.
- Strip Faster & More Accurately – Get the perfect cut every time.
- Reduce Hand & Arm Fatigue – Let the tool do the hard work for you.
- Quick & Easy Installation – Attach it in seconds and get back to work.

Shown in use with MI2935-21
