DIGITAL INTERACTIVE EDITION

DDIN FEATURED PRODUCTS

HI-VIS, WIND-RESISTANT GROUND FLAGS

ITEM #: DNGF1618W

This flag includes 18 wind slits that resist high wind gusts and allow air flow through the flag.

All Hi-visibility grounds flags come complete with two reflective strips on the front and back for easy visibility at night, hook & loop strap attachment with grommet hole, and PVC rods at the top and bottom for added rigidity.

REEL LIFTERS

ITEM #: DNRL20 (3,000 LBS.)

ITEM #: DNRL40 (5,000 LBS.)

The DDIN Reel Lifter is an innovative tool designed to assist the user in flipping reels from a rolling to a horizontal/non-rolling position. This permits the user to orient the reel in a safe working position for paying out material in the field.

TRAVELING GROUNDS

ITEM #: DNTG250-1625

ITEM #: DNTG75-2HD

Traveling Grounds are an important component of every conductor stringing project. They maintain a positive contact from conductor to ground through the use of ground wire.

- Reversible ground stud accommodates most ground clamps
- Adjustable spring-loaded center roller maintains constant pressure on the conductor

NEW TOOL SPOTLIGHT

MILWAUKEE M18 COVERED CONDUCTOR CABLE STRIPPER

ITEM #: MI2937-21

This is the industry's first cordless tool optimized for end-stripping insulation on aerial, 600V secondary, and medium-voltage cables, offering an unmatched cable stripping experience. Designed for ultimate versatility, the 6 adjustable bushings accommodate cable diameters from 0.5" to 2.1", eliminating the need for excess accessories while ensuring a clean, precise strip every time.

#TE1028

LINEWORK BUCKET PRODUCTS FLAT RACK + BIG RACK DOUBLE D

FLAT RACK #: TE1028

BIG RACK DOUBLE D #: TE1027DD

#TE1027DD

Both products ship in November

MADI TOOLS 12" ADJUSTABLE LINEMAN BIG WRENCH

ITEM #: MAALW-12

This wrench is engineered to give linemen unmatched speed, strength, and versatility on the job. Designed for Transmission and Distribution work, this wrench features a jaw with up to 25% more width and depth, handling a transmission nut up to 1-1/2" with ease.

- Up to 50% faster opening & closing
- Up to 20% larger adjustment screw for use with gloves
